Building a Scholarship-Ready Résumé

A one-page athletic résumé makes it easy for coaches to advocate for you. Here's what to include.

A clean athletic résumé gives coaches everything they need to evaluate you — and to make the case for support on your behalf.

The essentials

Name, graduation year, position, level, gym, and current skills. Add GPA and test scores; academics matter for funding.

Keep it to one page

Coaches skim. A tidy, single page with a link to your video beats a multi-page document every time.

Update it often

Refresh your skills and achievements each season so it's always ready to send.
